

VOLUME XI

SANTA ANA, CALIFORNIA, FEBRUARY 7, 1934

NUMBER XIX

## Student Enrollment Sees Big Drop Here

### Santa Ana High Sends Most Graduates

Constituting a decrease of almost 100 less than last year at the same time, enrollment at Santa Ana junior college totals 665 after one week of the second semester.

Of these students, 253 are sophomores, 299 freshmen, 78 post-graduates, and 35 special students. There were 99 who registered for instruction at mid-year who were not enrolled last semester.

As is usual when a large number of students enter, the majority of them are graduates of Santa Ana high school, 25 in this case falling into that class. There are two from Tustin and Orange, and only one from Anaheim, Huntington Beach, Excelsior and Garden Grove. Ferndale, Montebello, Pasadena, Taft, Santa Rosa, and San Jacinto are other California high schools which placed one graduate each.

Idaho and Texas divide out-of-state honors with two representatives each, while Wyoming, Colorado, Oklahoma, Arizona, Kansas and Montana are the states winning honorable mention with one candidate. One student enrolled from Victoria, B. C., but the prize for the greatest distance goes to the girl who came to Santa Ana from South America.

Five of the new students did not graduate from any high school, and the remainder of the 99 had previously attended school here at some time although they were not registered last semester.

## Fifty-one Admitted To Don Honor Group

Fifty-one students have been admitted to Alpha Gamma Sigma this semester, Miss Lella B. Watson, adviser, revealed late yesterday.

In order to gain admittance to this honor society students must make 30 grade points with no grade less than a C and be enrolled in at least 12 units.

Gene Thompson received the highest number of grade points, having 47½. William Brady, with 45½, and Ruth Jenkins, with 43, received second and third highest, respectively.

Those who are now members are Aileen Adams, Susanna Alexander, Ryvers Allen, Mariana Baxter, Kenneth Beard, Gordon Beisel, Glenn Bishop, Eleanor Bowyer, William Brady, Milford Carman, Dorothy Dales, Thomas Davis, Christie Demetriou, Bernard Dillon, Fred Eley, Dorothy Ensign, Edgar Ewings, George Farquhar, Ray Forrest, Dick Gilliland, Carroll Gilmore, Marion (Continued on page 4)

### TAYLOR TELLS OF BANKING ADVANTAGES HERE FRIDAY

All junior college students are invited to hear Wilfred B. Taylor, Commercial National bank representative, speak here in room 201 Friday at 1:40, according to an announcement made yesterday.

Taylor intends to emphasize the services of a bank and bank securities as investments.

# College Quarters May Be Moved Soon

## New Family Relations Class For Santa Ana Adult Education Dept.

Sponsored by the Frances Willard Parent-Teacher association, a new conference and lecture course, Family Relations, will be held at Willard junior high school beginning next Monday, it was learned today.

The new course, which will be open to the public without charge, is made possible by the cooperation of the Department of Education and Institute of Family Relations, Los Angeles, and the Department of Adult Education of the Santa Ana school system.

According to information received by El Don, the conference is intended for varying groups of people, and special attention will be devoted to young, unmarried people of college age.

Lecture programs will continue for five successive Monday evenings with the following university and institute speakers billed: Dr. Paul Popenoe, Dr. Graham Laing, Dr. Roy L. Smith, and Dr. Frank C. Reid.

## Pegues Heads El Don Staff This Semester

Jack Pegues, freshman student and member of the Junior Lions service club, has been appointed the new spring editor of El Don, junior college weekly publication, succeeding Jimmy Torrens, fall editor.

Pegues served as sport and news editor on the Generator, high school weekly and edited the sport page on the El Don last semester. Fredda Sawtelle, also a freshman, will be associate editor this semester, in preparation for editing the paper next fall. She has had considerable experience on the Anaheim high school weekly.

## Local Journalists Help Stanford News Survey

Prof. Buford O. Brown, head of Division of Journalism at Stanford university, has requested John H. McCoy, local journalism instructor, to aid Stanford in a survey of Southern California newspapers.

"Each member of the journalism class will interview ten people in order to determine in which departments of the newspaper the average person is most interested," according to McCoy.

## Walter Kring Slated For Radio Broadcasting Job

If present indications can be relied upon, Santa Ana junior college will again have a weekly half-hour broadcast from KREG, local radio station.

Dick Gardner, newly elected student president, told reporters today that if the Executive Board took favorable action the college programs would start Wednesday, Feb. 14. Walter Kring is tentatively slated to take charge of the broadcast.

## Calendar Denotes Club Meet Dates

Wednesday, February 7—  
O. K. club.  
Freshman officers nominations.  
Friday, February 9—  
Alpha Kappa Zeta.  
Monday, February 12—  
Y. M. C. A. and Y. W. C. A.  
Tuesday, February 13—  
Tavern Tattlers.  
A. A. E.  
Noon dance.  
Wednesday, February 14—  
Press club.

## Former Law Associate Of Ex-Governor Gage Sells Old Law Reports

At a cost of approximately \$125.00 two hundred volumes of California Reports, formerly the property of Governor Henry Gage of California have been purchased and placed in the library of the junior college.

These books, written by eighteen different court recorders, contain complete written accounts of all the cases tried in the California Supreme Court from 1850 until 1907. Many of them contain footnotes and personal opinions written in his own handwriting.

They were obtained from a former law partner in Los Angeles.

## Prof. Smith Of U. S. C. Speaks Before Club

"As we build up a world of mechanism we find that we have gotten away from life. We must put the machine away as an incidental feature in life."

This advice was given by Prof. Jeffery Smith of the University of Southern California who spoke on "Philosophy of the Twentieth Century" at the meeting of the Philosophy club Sunday afternoon at the home of E. M. Nealley.

Unless human beings come to realize their own place in the universe in relation to machinery, civilization and culture will be destroyed, Prof. Smith asserted. "We must choose between the machine becoming our master or becoming a subordinate part of human life," he said.

## Naturalist Featured Speaker For Assembly

Alfred Cookman, lecturer, naturalist, and teacher, has been billed to talk to junior college students at their next assembly, Wednesday of next week at the Temple theatre, on "The Drama of Bird Life."

Advance publicity received here this week indicates that the lecture is the most popular of the series Cookman is presenting.

## Old School Plant Rebuilt For Jaysee

### Hammond Says Moving Date Indefinite

Unless new developments arise with the next meeting of the Board of Education, Santa Ana junior college can be assured of remaining in its present plant until Easter vacation.

D. K. Hammond revealed yesterday that plans calling for the rehabilitation of the old Board of Education building and the old manual training building on Church street, the old Frances Willard building and the present Board of Education building on North Main street have been drawn up and will be presented to the Board for approval at its next meeting. These plans and an application for Civic Works Administration labor are to be given to the latter organization for approval. Work done by the CWA is free, Hammond pointed out, and the schools will need only to furnish the material.

### Raze Auditorium

According to present plans the high school building is to be demolished, along with the auditorium. If work is started on the high school building before the present semester is finished, the high school classes will be moved into the present junior college building and junior college classes moved into the reconditioned auxiliary buildings, Hammond reported.

## 291 Students Claim Spring Ticket Books

A total of 291 junior college students have obtained their associated student tickets for the spring semester, according to statistics received today from the business office.

There were 340 associated student ticket holders last semester, leaving 49 students who have not yet exchanged their old books. Students who were here last semester will be charged \$4.00 for the new spring tickets, while those who are just entering college may receive their tickets for \$3.50.

## Art Work Exhibited Here From Pasadena

Through the efforts of Alpha Rho Tau and Miss Ilse Hamann, Pasadena junior college has loaned the local jaysee for a limited time only, an exhibit of work done by the art students of their institution.

## MRS. TESSMANN LECTURES AT CHURCH ON 'NEW ERA'

Mrs. Jennie Tessmann, Santa Ana junior college history teacher and astronomy instructor, will continue her series of eight lectures tonight, "Facing A New Era," which she began last Wednesday at the Methodist church.

# EL DON

"With one aim—to serve student and college."

The official publication of the Associated Students of Santa Ana junior college, Santa Ana, California. Published weekly during the school year while school is in session and issued on the Junior College consolidation ticket, the price of which includes \$1.00 for subscription to the paper.

Entered as second class matter November 9, 1927, at the post office at Santa Ana, California, under the act of March 3, 1879.

Published in the school print shop on the campus and edited by the journalism class of the college.

## The Editor

### EL DON FAVORS—

- 1—A stronger executive policy by the student board.
- 2—A more complete organization of the Associated students.
- 3—Discretion by freshmen in pledging.
- 4—Support of the junior college Radio board.

It is no secret that Santa Ana junior college has had executive boards that have accomplished little in the way of initiative. To be successful the student board must make itself heard and felt by every associated student in the institution. Conversely, the board must hear the student. A long step in this direction could be taken by making the meetings of the board public to members of the associated student organization.

### ORGANIZE THE STUDENTS

There is a vague organization in the junior college here known as the Associated students.

Seven dollars entitles a man or woman to become a member. Officers are elected, social functions are sponsored, an athletic program is carried on, and, in a sort of lackadaisical fashion, each member goes throughout the year tearing the stubs from his membership book questionably confident that the associated student organization is the backbone of the college.

Social functions are a necessity and an asset.

An athletic program is obviously a vital organ of any school.

But I have long been obsessed with the idea that the associated students should also make it their policy to see that Santa Ana junior college is made a by-word with high school graduates throughout Orange county.

Cheap advertising is clearly out of the question. Nevertheless, a system by which all Orange county high school students could be acquainted with the local plant would guarantee an increased popularity in it.

### DON'T BE A 'JOINER'

Mister Average Freshman wants to be a good fellow. He likes to be "rushed" by campus clubs. Fortunately, one cannot be associated with more than one of the service clubs. But there are others: The Press club, Tavern Tattlers, Y. M. C. A., Y. W. C. A. Seminar, Engineers, etc.—all good clubs. But it is a mistake to belong to too many of these college clans. The freshman's activities in each become less and less centralized, his studies suffer, and he does not get the "kick" he thought he would.

"Don't let your studies interfere with your education" has been the keynote in college too long.

### THE RADIO AGAIN

Under the direction of Walter Kring, junior college debater, the executive board is making another attempt at radio broadcasting.

Kring is a proved student, and El Don strongly endorses his appointment to the post. Never before has

## Now I Can Tell It

NAME—Carol Erskine.  
BIRTHPLACE—Bridgewater, S. Dakota.  
BIRTHDAY—April 3.  
OCCUPATION—Secretary.  
CHILDHOOD AMBITION—To be a commercial artist.  
CHILDHOOD HOBBY—Drawing.  
PRESENT AMBITION—To learn to ride horseback.  
PRESENT HOBBY—Psychology.  
FAVORITE BOOK—The dictionary (I use it often).  
FAVORITE TYPE OF MUSIC—(Semi-classical and classical).  
FAVORITE DISH—Fried chicken.  
FAVORITE RADIO PROGRAM—Standard Symphony hour.  
FAVORITE TYPE OF ART—Etchings.  
FAVORITE MUSICAL SELECTION—Blue Danube Waltz, Strauss.  
FAVORITE SPORT—Swimming.  
FAVORITE COLOR—Blue.  
FAVORITE MOVIE—"Dinner at Eight".  
THE GREATEST THRILL OF MY LIFE—My first dive into the ocean.  
MY MOST EMBARRASSING MOMENT—The time I called at the home of a friend for a dinner engagement and discovered I was a week too early.

## Theme Songs

### MUSIC MAKES ME

I like music old or new  
But music makes me do  
The things I never should do  
I like music sweet or blue  
But music makes me do  
The things I never should do  
My self-control was something to brag about

Now it's a gag about town  
The things I do are never forgiven  
For just when I'm living 'em down  
I hear music then I'm through  
For music makes me do  
The things I never should do.

### DON'T YOU REMEMBER ME?

Don't you remember me  
I'm the one whose heart you broke  
Our romance was just a joke.  
Don't you remember?  
Don't you remember me?  
I'm the one who loved you so  
Many many loves ago  
Don't you remember?  
Once we were sweethearts  
And you were my life, my all  
Don't you remember or can't you recall?  
Don't you remember, dear?  
That you promised to be true  
I'm the one you told it to  
Don't you remember?

## Americana

By Ray Forrest

The ships of the government—owned by the Emergency Fleet corporation cost the government \$42,000,000. This corporation was sold to the Morgan-Astor owned Export Steamship company for \$1,071,431—about three cents on the dollar. The government was then prepared to loan them 75 per cent of the purchase price at interest as low as three eighths of one per cent. The Export Steamship company then charged the government \$1,400,000 for carrying only twelve pounds of mail across the ocean—only \$328,569 more than the purchase price of the entire fleet.

No wonder the patriots cried about "government on business." Who wouldn't cry for that kind of nursing bottle?

this field of the college's activities been given its share of attention and support. The college programs of other years were not overly popular because they were not outspokenly good. Even the program managers admitted their preparation was sloppy.

Now, we believe college radio programs are to see more prosperous days.

## From Her To Her Pal

Dear Rosie:

Can you imagine? Here I am all registered and everythin'. Honestly, my dear, it was awful. I stood in line for positive months, and then someone came back and wanted to know if I had turned in my picture yet. Of course, I hadn't, I thought this was school, not a rogues' gallery. Well, this person seemed to think that it was quite necessary that I hand in a picture before I would be allowed to register, so I left my place in the line and went trotting home (in Bob's car) and got that cute picture I had taken last summer down at your beach house.

Well, by the time I had got the picture and gone up town to try on the most adorable dress you ever saw, the office was closed and I had to wait until the afternoon. Then I had to stand in line some more. Honestly, my dear, I was fatigued! When I finally got up to the first station, I think that's what they called it, the lady up there said I didn't need the picture at all.

Was I mad? Anyway I got the cutest boy to help me and he fixed so I have free periods when he does, and he said he thought I was awful nice. Isn't that too sweet? His name is Elmer, I think, I can't exactly remember, but he's really awful nice. I'm taking the most terrible course you ever heard of. I have three classes every single day! How will I ever stand the strain? Of course, I can always cut, but when will I ever have time to study? I'm going steady now and he comes over every night, and I'll be up until the wee hours every night studying whenever I'm not too tired.

I'll have to stop now as Bob has been waiting for almost an hour. Write me when you're not too busy.

Love,

Janie

## The Brighter Side

A woman whose husband had joined the navy, gave a note to the clergyman the following Sunday. The note said: "Mr. Tom Smith, having gone to sea, his wife requests that the congregation pray for his safety."

The Clergyman was nearsighted and as he read aloud, his congregation heard: "Mr. Tom Smith, having gone to see his wife, requests that the congregation pray for his safety."

A southern business man was at one time interested in a section of Oklahoma known as the "Cherokee strip," and he asked an acquaintance if he had seen the Cherokee strip.

The man seemed puzzled. "No", he finally replied. "I don't recall seeing the Cherokee strip, but I did see an Osage Indian with a mighty thin blanket on."

Two little girls were talking about Sunday school.

"Do you really believe there is a devil?" asked one.

Her friend was silent a few minutes, then replied, "No, it's like Santa Claus—it's your father."

## TOMMY'S TATTLIN'S

By Gus Gilbert

### Smoke In Their Eyes

It seems to be the rage now for a certain clique around the campus along about this time of the year to start exchanging "steadies". The next twosome that has been shattered is Jet Roby-John Griset. Neither seem to be heartbroken over the prospect of continuing life as two distinct individuals. In fact, one of them (guess which) asked me to advertise the fact that she—whoops, that slipped—is again on the "To be had" list.—Step right up boys, the line forms right behind me.

\* \* \*

### Western Salesmanship

Have you yet been accosted by those sinister individuals who offer to sell you, for the sum of one dollar, a policy insuring you against failures in any course and against more than one recitation per week? For a "F" you are to receive \$5.00 and for each additional recitation you receive .50c.

Believe it or not (apology to Bob Ripley) a company of this sort was recently formed in a mid-western college and the backers made money. Perhaps that is what the local boys have in mind.

\* \* \*

### Advice To Speedsters

George Boyd, motor officer claims that the record for traversing the jaycee speed oval should be considerable faster than it is. He thinks that, with a motorcycle it can be circled in thirty seconds. The track, according to his speedometer, is a little over seven-tenths of a mile in circumference and that would require an average speed of over seventy miles per hour. With motors that will cover that ground in that time and men like Boyd that can and will ride them that fast, what chance have we of lowering the record with out being caught in the act? Mr. Boyd continued his interview Friday noon with the suggestion that we time our cars for speed on the course at Newport Road.

The course extends from the railroad tracks on the outskirts of Tustin to the intersection of Delhi road and Newport road. That is one exact mile, and from there to the intersection of Newport road and Main street at Eddie Martin's airport is another mile. Of course the police also use this quite frequently to time their cars, but if they are not there—help yourself.

## Did You Know?

That an examination at the University of Mississippi asked for the principle parts of any Latin verb. Upon one paper was written: "Slippeo, slipere, falli, bumpus." The returned paper had these words: "Fallo, failere, fluncto, suspendum."

That at a school for higher education in Burma the women's athletic instructors had to make the already inconvenient girl's sport attire longer and fuller because of criticism of the men.

That if a person wished to take every course offered by the University of Wisconsin, it would take ninety-nine years to complete his education.

## Student Mentor Heads Local Nine

### "Bomo" Koral, Dr. Bates Take Charge

Baseball enthusiasts may as well stop worrying about the status of the national sport in Santa Ana jaysee for the local college will have a representative nine this year. Its destinies will be guided by the late captain Bomo Koral, veteran Don catcher.

Suits will be issued Friday afternoon between 3 and 4 o'clock in order that the Don nine may be unlimbered by the time they meet Compton jaysee in a non-conference tilt tentatively scheduled for the 2nd of March.

Four other practice contests will be held with L. A. jaysee, Brea-Olinda high, U. C. L. A., and Santa Ana high. Dates for these games have not been set.

Pre-season line up chosen by Coach Koral includes, J. Koral, 2nd base; W. Kanaway, left field; L. Morse, ss; B. Koral, catcher; W. McDaniels, center field; R. Lake, first base; D. Cark, right field; A. Wilde, 3rd base; G. Mallett, hurler. Gunther and Savin are rated first choice subs. Others who have signed up are R. Furuta, D. Whitford, B. Mitchell, C. Kiser, B. Bell, B. Brown, L. Madden, R. Clark, M. Spicer, R. Seaver, B. Birdsong, W. Winterbourne, P. Stoddard, B. Friend, J. Worthington.

## Coaches Disgusted With Mat Turnout

Repeated attempts to interest Santa Ana jaysee students in boxing and wrestling have failed to date, but Mac Forbes, veteran amateur wrestler who has competed throughout the United States for 12 years, says he is willing to have one more stab at it. Coach Forbes will issue his final request for men Monday.

Coach Ed Adams, boxing instructor and official muselman shepherd, is equally discouraged, he stated, and Monday will find the Don athletes without a coach unless there is a good turnout. "This is not a threat, it is a promise," the two coaches agreed.

Contests with Los Angeles Athletic club, Whittier, El Monte, San Diego, Fullerton, Compton are on the books. The best talent on the squad will make the trip to the Southern California championships.

An electrician returned home from work one night to find his small son waiting for him with his right hand swathed in a bandage.

"Cut your hand, Sonny?"  
"No, dad," was the reply. "picked up a pretty little bug in the garden, and one end of him wasn't insulated."

### Three Home Games On Don Baseball Card For '34

April 14—Pomona at Santa Ana.  
April 21—Citrus at Santa Ana.  
April 28—Santa Ana at Riverside.  
May 5—Santa Ana at Fullerton.  
May 12—Chaffey at Santa Ana.  
May 19—Santa Ana at San Berdoo.

## Bengals Down Dons In Onesided Basketball Skirmish

All who witnessed the Riverside classic of Friday last, are agreed that the local talent was outclassed in the 47 to 23 contest waged on the Bengal floor.

Though the Dons were able to hold Jesse Mortenson's men to a 9 to 9 deadlock for the first ten minutes, at the half the Riverside boys had a comfortable lead with the score at 21 to 10.

Santa Ana suffered from lack of defense and poor shooting. Schwarm lead the Don scorers with 7 points, while Bragg, generally high point man, tied with Preininger for second honors with 4 points apiece.

## Greene Optimistic About Padre Track

Prospects for a big year on the cinderpath loom before Coach Reese Greene. His squad claims possible holder of the league mile and high hurdle events with a possibility of snatching the broadjump and quarter mile.

Al Parr, late of Tustin, claims a jump of 21 feet and 8 inches and is also proficient in the century race. Holman of Orange has turned in a 4:42.5 sec. mile in his heyday and expects to better it this year. One, Erhart Ronsholdt, veteran of the cinderpath at the Don institution, has also turned anexemplary mile in his day, running the distance in the same time. Craft of Orange should upset someone's apple cart in the half and Arendale shows great promise of annexing the quarter every now and then. Earl Motley, second year man, will figure well up in the running in the quarter mile. Wilson and Kring will push each other for the first place berth in the high hurdles, with Ray Hoar, Ken Vandruft, Loren Lukens, and Frank Kroener all in the struggle.

The Dons will be especially weak in the weight events depending almost entirely on Alex Clark and Ray Nowotny, both last year men, to take care of the shot put, discus and javelin.

Coach Green plans to enter the Dons in the San Berdoo relays, February 10, the Riverside relays, February 24, and to hold a interclass meet open to the whole school, the Monday and Tuesday following the Berdoo relays.

Three events are open to the Dons in the San Berdoo relays. These are the 440 yd. 4 man novice open J. C. relay at 1:40 o'clock, the mile relay 4 men open J. C. at 2:25, and at 3:50 the 2 mile open J. C. 4 men relay.

## Inter-Club Handball May Be Revived Here

Coach Clyde Patton, of this institution, has signified that he will sponsor an interclub handball tournament.

So much enthusiasm has been shown over the backboard game that it was suggested that an interclub handball tournament be started. Coach Patton, handball expert, agreed to sponsor the contests providing the clubs were willing. The plan he has submitted calls for one team of doubles and one singles player from each club. The faculty will provide competition for the champions.

Patton suggests that the clubs take this up at the soonest possible date—preferably before February 10.

### High Hurdle Ace

WALTER KRING

WALTER KRING, erstwhile Santa Ana high school track star, is expected to press the speedy Lucian Wilson in the high barrier event this year.

## Women Open Spring Sport Season Here

Women's after school sport season for the spring semester opened this week with hockey, swimming, tennis and archery in the offing.

Hockey, of which Helen Harper is manager, is given on Mondays and Wednesdays at 3:00 and 4:00 o'clock. Tennis, with Barbara Copeland, as manager, meets on Tuesday and Thursday afternoons at 3:00 o'clock. Advanced swimming and life saving is included in after school swimming on Tuesdays and Thursdays at 3:00 o'clock also. Archery is open to anyone now taking the sport and to those who have had it for one semester. Ten hours of practice will be required during the season. Margaret Hoeffner is hockey manager.

To receive a block "S" one must participate in two out of three seasons and have two team sports and one individual sport, or vice-versa, to one's credit. To receive a script "S" one must participate in five out of six seasons and have three different team activities and two individual sports (or vice versa). Students who are still doubtful on the subject or have any questions to ask should see Miss Zena Leck of the physical education department.

## Jacques Trains For "Open" Cinder Meets

Paul Jacques, at present attending Santa Ana junior college and formerly Santa Ana high school and California University track star, has intimated that he intends to compete in the Fresno relays, the Long Beach relays of March 3, the Santa Barbara relays, and in the A. A. U. meet in June.

Jacques holds the Santa Ana high school high jump record, Huntington Beach and state championship, and has taken several Southern California meets. His highest leap as yet is 6 feet 4 inches. Though he has not done over six feet this season, he expects to clear 6 ft. 6 in. before the season is over.

## Santa Ana Underdog In Fullerton Tussle

### Yellowjackets Better Against Bengals Than Dons

Records of Fullerton and Santa Ana Fullerton 29, San Bernardino 30. Fullerton 24, Riverside 41. Fullerton 37, Pomona 38. Santa Ana 33, Pomona 39. Santa Ana 35, Citrus 31. Santa Ana 23, Riverside 47.

Though Santa Ana holds one victory and Fullerton has taken the count in every encounter thus far, local scribes have it that the Yellowjackets have the edge in the coming scrap.

This is due to their holding San Berdoo to a one point victory after which the San Berdoo lads proceeded to clean up on Riverside's mighty club. Riverside was not able to trounce Fullerton in quite as hearty a fashion as the flashy Bengals did Coach Cook's boys.

Fullerton's club also held the Pomona bunch to a mere one point victory whereas the Santa Ana team went down under a six point lead. Too, Santa Ana was only able to hold the score down because of an early lead. Coaches and scribes agree, however that the score should be close with Santa Ana the underdog by a slight margin.

### FROSH CLASS ELECTION WILL BE HELD THIS NOON

Because of a conflict in events the freshman class nominations for second semester officers will be held at 12:15 today in room 11.

The election was to have been held yesterday.

### Valentines Used As Theme of Gitanas Party Saturday

Members of Las Gitanas and their guests were entertained with a formal dancing party in the Isaac Walton League cabin in Fullerton park, Saturday evening, Feb. 3.

Besides the dancing, card games were played. Later in the evening, a dancing contest was held. Naomi Wheeler and Travis McDonald won the prizes for the best waltz, and Jean Rockwell and Johnny Wells won the prizes for the best fox trot.

The decorative scheme was carried out in the Valentine's day motif. Red paper hearts and many colored balloons were suspended from the ceiling of the cabin. The heart design was used in the table decorations and the refreshments. Nadine Nims and Marguerite Hoy were in charge of the affair.

Following are the new officers of Las Gitanas who were formally installed at the home of Margaret Grewell in Orange, Monday, Feb. 5: Dorothy Ensign, president; Naomi Wheeler, vice-president; Susanna Alexander, secretary, and Vivian Russell, treasurer.

### Orphan Kiddies To Revel Tonight

Orphan Kiddies will hold their monthly social meeting at the home of Margaret Smart, 720 N. Main street tonight.

Bill Allen, social committee chairman, states that a good time is guaranteed to all who attend for new and unique games are to be played.

The affair will begin at 7 o'clock.

### FIFTY-ONE ADMITTED TO DON HONOR GROUP

(Continued from page 1)

Hawk, John Henderson.

George Holmes, Mary Jackson, Ruth Jenkins, Sara Jean Jenkins, John Johnson, Walter Kring, Charles McAfee, Roy McKnight, Ruth McNeil, Alice Martin, Natalie Neff, Nadine Nims, Claude Owens, Owen Owens, Beatrice Rankin, Merrilee Rankin, Eleanor Reade, Evelyn Richardson, George Robertson, Catherine Rowlands, Fredda Sawtelle, Byron Stoddard, Verona Swanson, Robert Tannenbaum, Gene Thompson, Richard Torrence, Eleanor Walter and Florence Warmer.

### Buccaneers Accept Pledges; Install New Officers

Buccaneers had a formal acceptance of pledges and installation of officers at the home of Harold Woodard Monday evening.

Second semester officers installed were Johnny Wells, president; Bob Tannenbaum, vice-president; Harold Woodard, treasurer; Abe Bergsetter, secretary; and Jack Preston, Bos'n.

Pledges formally accepted were Bill Allen, Gene Thompson, Jack Preston, Harold Woodard, Jack Hawkins, Ed Lansdown, Dick Clark, Demont Galbraith, and Marvin Spicer.

### Spinsters Formally Install Officers

New officers were formally installed in the Spinster service club Monday, Feb. 5, at the home of Janet Diehl. A discussion of probable new members followed.

Officers installed were Florence Campbell, supreme spinster; Le Ora Hatch, sub-supreme spinster; Mary Adams, keeper of the quilt; Eleanor Bowyer, keeper of the button box; and Marian Hawk, mender of the sox.

### Moav Members Don Kids Clothes To Attend Party

Moav club members were entertained at the home of Ernestine Wakeham Monday evening with a kid party. Every one came dressed in kiddie clothes and brought along their dolls.

Eulabelle Smith won first prize at games.

Later in the evening new officers were elected and future business was discussed. Following are the new officers: Natalie Neff, president; Catherine Hull, vice-president; Alta Fisher, secretary; Lida Mitchell, publicity chairman, and Barbara Allen, treasurer.

## Activities

### Welcome To New Girls Occasions Formal Dinner Dance

Extending a special welcome to the new girls who entered jaysee at the beginning of the semester, the Y. W. C. A. was hostess recently to more than 130 girls who attended the formal dinner dance given in the Fifth and Main street headquarters.

Carrying out a birthday motif, twelve tables were decorated with the symbols of the month they represented. A hostess at each table took charge of the decorations and guests.

Miss Marian Bruner gave a talk on the meaning of the Y. W. C. A. Dorothy Ensign spoke on the subject, "Extra Curricula Activities." Other entertainment was furnished by Helen Jane Fuller, who gave a reading, and the Womens' Octette which sang two numbers.

Dancing, to the music of Walt Carruthers' amplifier, was enjoyed between courses and until 11 o'clock.

### Alpha Rho Tau To Elect New Members

Three major problems will be discussed at the Alpha Rho Tau meeting to be held at the home of the president, Mildred Johnson, 728 West Pine, tomorrow night at 8 o'clock.

Plans for a dinner-dance will be made, club pins decided upon, and nomination and election of new members held. As roll call will be taken, every member is urged to be present.

## Social Functions

### Formal Installation Of Club Officers Held

Formal installation of Las Gitanas officers for the second semester was held Monday night at the home of Margaret Grewell in Orange.

Those installed in the course of the ceremony were Dorothy Ensign, president; Naomi Wheeler, vice-president; Susanna Alexander, secretary; and Vivian Russell, treasurer.

Club pins, the annual formal dance, and rushees were the main topics of discussion.

## Even Trousers Change Their Style!

—This season they're plenty good looking with pleats, welt seams and tapering legs.

—Small, checked patterns are smartest looking.

\$6.50

ON ACCOUNT OF THESE NEW STYLES EVERY FELLOW WILL WANT TO BUY A NEW HAT AS SOON AS POSSIBLE.

\$3.50
